

Your Prayer has Never Been More Important ...

If you'll pardon the pun, the world is in a spin! Seriously. With COVID-19 cases soaring, more people falling critically ill and sadly dying and with the economic fallout looming ... the world is definitely in a spin.

And yet our King is on His throne which is why it's right now that together, we have the opportunity to proclaim Christ in power and with a life-relevance like perhaps never before.

So please join us in praying this month as the Lord opens more doors to share His amazing love, the love of Christ crucified, the power of Him risen, with a lost and hurting world.

July 2020 Prayer Focus

- **Give thanks** for the many friends of Christianityworks who gave so generously to support last month's *Together We Can Appeal*. May the Lord bless them for their sacrificial giving in ways that they cannot even imagine!
- **Pray especially** for 14% shortfall in the *Together We Can Appeal to be met*. It is vital that this gap be met so that no one misses out on hearing about Jesus. Please pray earnestly that the Lord will meet this need through the generosity of His people.
- **Pray for** the millions who will hear the Word of God again this month through Christianityworks ... that the Holy Spirit would speak His Word into their hearts in a way that saves the lost, in a way that sets people free, in a way that helps them live in victory to be all that He made them to be!

- **Pray earnestly for a breakthrough in South Africa** as red tape is hampering the ministry's ability to open a bank account there, having met all the government's requirements for full incorporation as a not-for-profit company. The door seems firmly closed and yet God is the God of the impossible.
- **Pray for a long-time opportunity to have Christianityworks' radio programs broadcast on a network that reaches millions of people.** This particular opportunity is one that we have been pursuing for several year and would have a huge impact in so many ways. Let's pray together that the Lord would supernaturally open this door!
- **Give thanks for the Board of Christianityworks** who earnestly and diligently provide governance and oversight of the global ministry - ensuring transparency, accountability in guiding its overall strategic direction. Board members give freely of their time and they are an essential part of the ministry. Pray for wisdom that they may have the mind of Christ.
- **Pray for a special blessing on the ministry's strategic plan** for its new financial year which commenced on 1 July. May the Lord anoint it, open the way for the plans to be realised and yet, through the power at work within us, accomplish abundantly and exceedingly more than all we can ask for or imagine!

Thank you for praying with us for the
glory of our King!
